this study argues that allusion is a central part of classic british detective fiction it demonstrates the fraught status of shakespeare and the bible during the golden age of the british detective novel and the cultural currents which novelists navigated whilst alluding to them the first part traces the complex web of allusions to shakespeare and the bible which appear in the novels of agatha christie and dorothy l sayers examining the meanings these allusions produce the second part explores the way in which sayers own collection of detective novels became a canon on which later novelists exercised those same allusive practices it studies allusions to sayers novels throughout the twentieth century and into the twenty first from gladys mitchell and p d james to reginald hill and sujata massey this study reveals allusion as a shaping force at the origin of the classic british detective novel and a continuing element in its identity

this closely argued and lively polemic is recommended for all policymakers and practitioners concerned with educational leadership and change bjet thrupp and willmott have produced a very important book regarding knowledge claims around issues of policy and practice i will be recommending my masters and doctoral students to read the book so that as practitioners they may relish the opportunity to engage with issues of knowledge production thrupp and willmott s book is directly relevant to every day practice in teaching and learning across the educational system and it should be required reading for all training programmes because it enables trainees to know and understand the knowledge structures that are being used to control their work and identities bjes will stir a lot of debate and be seminal to debates about the direction of education management for some time to come mike bottery hull university a genuinely readable and accessible book that critically engages with school management literature inservice education journal this important and provocative book is not another how to educational management text instead it offers a critical review of the extensive

educational management literature itself the main concern of the authors is that educational management texts do not do enough to encourage school leaders and teachers to challenge social inequality or the market and managerial reforms of the last decade they demonstrate this problem through detailed analyses of texts in the areas of educational marketing school improvement development planning and strategic human resource management school leadership and school change for academics and students education management in managerialist times offers a critical guide to existing educational management texts and makes a strong case for redefining educational management along more socially and politically informed lines the book also offers practitioners alternative management strategies intended to contest rather than support managerialism while being realistic about the context within which those who lead and manage schools currently have to work this controversial new title brings a new insight to the educational management debate

karla homolka has proven to be a figure of enduring interest to the public and media for the last 20 years however despite the widespread canadian and international public commentary and media frenzy that has encircled this case homolka herself remains an enigma to most who write about her in contrast to much of the contemporary discussion on this case this book offers a comprehensive and detailed examination of the legal public and media understandings and explanations of homolka s criminality drawing from multiple fields of study and varied bodies of critical literature the book uses homolka as an object lesson to interrogate some of the narratives and conceptualizations of violent women the problematic normative constructions of womanhood and acceptable femininity leniency in sentencing taboo and disgust and questions of remorse the authors address broad questions about how women convicted of violence are typically constructed across four sites the courts the academy the mainstream media and public discourse this unique text is extremely important for feminist criminology and socio legal studies offering the first comprehensive academic effort to engage in dialogue about this important and fascinating case

how do the life histories of women teachers illuminate the gendered nature of the teaching profession how do women teachers negotiate their own sense of self against within cultural stereotypes of teachers situated within current feminist poststructuralist theories regarding the subject this book takes seriously the lives of women teachers drawing on the life histories of three teachers it explores their narrative strategies to author themselves as active agents within and against the essentializing discourses of teaching the complex and contradictory ways in which these women construct themselves as subjects while simultaneously disrupting the notion of a unitary subject provide new ways to think about subjectivity resistance power and agency the implications of this reconceptualization for feminist theorizing curriculum theory and life history research are woven throughout the book

is access to higher education really open to all how does the experience of higher education vary between social groups are graduate jobs harder to find for some than for others the transformation of higher education from an elite experience to a mass system delivering advanced education to a socially mixed clientele has often been conflated with a process of equalization through wider access but is this really the case andy furlong and fred cartmel fear not arguing that young people from social and economically disadvantaged families suffer from unfair access arrangements have a poorer student experience and have limited contact with their middle class peers moreover students from less advantaged families who successfully complete their courses tend to face greater difficulty securing graduate jobs and may be left with higher levels of debt taking a holistic approach that focuses on access to higher education

experiences in higher education and gains derived from participation the book explores the barriers that impede the progress of young people from less advantaged families and outlines the various forms of stratification that help limit the possibilities for social mobility through education higher education and social justice provides essential reading for anyone who has an interest in higher education or a concern for social justice including lecturers administrators and policy makers in higher education
